Re: Montello Mine
ACT/003/004

Dear Mr. Cahoon:

Included you will find a copy of the fully executed Mined Land Reclamation Contract for the Montello Mine. This completes the filing for this operation and Interstate Brick may proceed with mining activities as described in the Mining and Reclamation Plan.

On June 26th 1977, Ron Daniels and myself revisited the site and concluded that as the existing road is often aligned in the ephemeral drainage channel, we would like to be present when the road is graded as we assume that some slight relocation of the road will be necessary.

Thank you for your cooperation on this filing.

Respectfully yours,
DIVISION OF OIL, GAS, AND MINING

BRIAN W. BUCK
ENGINEERING GEOLOGIST
